Student Name _____ Andra Boles _____

Service organization/Project name ___ Hilltop Child Development Center – What we Teach _____

Service evaluation: (worth 10 pts) 8

Journal entries

These were complete but cursory.

Supervisor eval.

You were on time and helpful. The supervisor appreciated your work.

Project design and execution

Very well done. The children's age presented a real challenge for this project, and you responded with an ingenious project that revealed early genderization and queered it up a bit. Good job!

Presentation:(worth 10 pts) 9

Description of project

Very good. The pictures really add to the description, especially given your descriptive subtitles.

Connections with course material

You draw connections with Mill on the early socialization of gender, which is interesting, given that he is a 19th century author. Still, very appropriate. The connections to Hampton are a bit more tangential, given that care is not her main concern. It would have been more appropriate to draw connections to the readings on stereotypes.

Class discussion

The discussion in class was good. It was very informative to see how early this gendering starts.

Final Write-up: (worth 20 pts) 18

Description of project

Very good. Again, the pictures were worth a lot.

Connections with course material

See comments above.

Digital images (if applicable)

A bit blurred, but those little kids move fast, I know!
