

# In-Class Problem Grading

- 100 points
  - Show your work
  - Correct answer
- 90 points
  - Show your work
  - Incorrect answer due to a minor error (e.g., math error)
- 80 points
  - Show your work
  - Incorrect answer due to a major error (e.g., incorrect formula, didn't finish solution)
- 70 points
  - Show your work
  - No answer
- 60 points
  - Don't show your work
  - Correct answer
- 0 points
  - Otherwise

- If the problem has multiple parts, each part is graded separately and averaged.
- Caveat:
  - It is hard to “show your work” for some simple problems
  - Lenient on what constitutes “show your work”
