

COOLEST THING I LEARNED (CTIL)

In addition to taking the daily quiz, you will also write a 300 word explanation of the coolest thing you learned from that day's assignment. The audience for this short piece is your classmates. You will bring **TWO (2)** copies of this to class. One copy you will turn in as class starts; the other copy you will use for a short, informal discussion with a classmate or classmates to begin each class. You may be asked to share your CTIL with the entire class. Each CTIL is worth 5 points, and they are graded pass/fail.
